INDEX

A. W. Mellon Education and Charitable Trust, 279
ABRAMS, S., 229, 292-93, 299
Adelphi College, 111
Adolescence as related to poltergeist phenomena, 113
Agent, 62, 65, 69, 70-71, 126; *see also* Apparitions; Hallucinatory psi experiences; Survival
  motivation of, 59-61
  role of, in ESP tests, 37, 159
  as target, 21, 27
  unconscious mental action of, 64
"Agent-percipient Relationships," 159
ALLEN, W., 41
Allport, Vernon, and Lindzey "Study of Values," 205, 206-07, 208-09
"Alpha Types and ESP," 157-58
AMADOU, R., 67, 156
American Council on Education Psychological Examination, 296
American Documentation Institute, 213
Analysis of results, methods of, 221-22; *see also* Analysis of variance; Contingency table; Continuous-variable scoring; Discontinuous variables
Analysis of variance, 210, 214-15
ANDERSON, M., 20-28, 167-74, 246-68, 300, 301-02
Anderson-White attitude questionnaire, 22-24, 26-27, 169, 248-67
Anderson-White series, 20-28, 167-74, 183, 203, 233, 246-68, 300, 301-02
Animals in psi tests, 29-39, 218-19; *see also* Bird navigation
Apparatus, effect of, on subject, 240
Apparitions, 57, 59, 60; *see also* Agent; Hallucinatory psi experiences; Survival
  involving crisis, 62
  field theory of, 61, 63, 64-65
  joint experience of, 62-63
  as "self-existent structures," 64-66
"Application of Statistical Quality Control Techniques to Statistical Psi Control Problems," 304
"Are Negative ESP Results Attributable to Traits and Attitudes of Subjects and Experimenters?" 294-95
Arithmetic symbols as ESP targets, 301
Attitude as related to psi; *see also* Anderson-White attitude questionnaire; Boredom; Interpersonal relations; Mood; Motivation; Psychological conditions affecting psi; Questionnaire, use of; Sheep-goat ratings; Teacher-pupil attitudes
  of experimenter, 136, 183, 233-34, 294
  of subject, 1-28, 72, 126, 136, 158, 183, 205, 220-22, 223, 233-34, 276-77, 295-96
Auditory psi hallucinations, 60

BARNARD, G. C., 41, 51
BATEMAN, F., 220
BECHTEREV, V., 30
BENDER, H., 138
BERG, F., v.d., 294
BERGSON, H., 47
BERKOWITZ, H., 269-78
BEVAN, J. M., 222
Bias in PK apparatus as a counterhypothesis to psi, 3, 13-14
Binomial scoring as compared with continuous-variable scoring, 238-44
Biological factors in psi, 230-32, 235, 236
Bird navigation, 302; *see also* Animals in psi tests
BLUNDUN, J., 69-70
Boredom as a factor in psi tests, 271, 272, 275-76
Brandeis University, 272
British Journal for the Philosophy of Science, 51
BROAD, C. D., 47, 51, 52
BROWN, W. R. K., 270
BURNS, C., 246

CADORET, R. J., 29-39, 125-36
CAHN, H. A., 298
CARINGTON, W., 41, 146, 231, 234, 236
CARLSON, C. F., 79
CARLSON, MRS. C. F., 79
Cerebral correlates as related to time sense, 53
Chance origin of psi data as a counterhypothesis, 210-11
CHAPMAN, C., 137
CHARI, C. T. K., 40-54
"Checking Success and the Relationship of Personality Traits to ESP," 295-96
Childish pranks as a counterhypothesis to PK, 102-04
Children as subjects in ESP tests: *see* School children as subjects

CHILDS, P. O., 157-58
Clairvoyance, 20, 60, 63, 126-28, 130, 159, 205, 294, 296, 299, 300, 301; *see also* GESP; Hallucinatory psi experiences
in classroom testing, 251, 252, 255, 258, 263, 266
in a distance experiment, 70
"pure," 294
tests of, in a man-dog relationship, 29-39
CLARK, W. H., 216-17
Clock card experiments, 70-71, 240, 279-80
Collective consciousness, 50-51
College of the City of New York, 74
"College Student's Research in Parapsychology, A," 296
Colors as ESP targets, 300, 301
Conditions affecting the operation of psi, 185, 223; *see also*, Physical conditions; Physiological conditions; Psychological conditions; Socio-cultural factors
Confirmability in psi research, 231, 233
Confirmatory research, 7, 10, 11-12, 18, 131-35
prediction of results in, 6, 8, 21
Consistent-missing effect, 182
Contingency table, use of, 221-22
Continuous variables in scoring psi tests, 238-44
as compared with discontinuous (binomial) scoring, 279-90
Conviction, feeling of, in psi experiences, 178, 179-81
Cooper Union, 111
CORK, R. M. S., 158
Cosmology, relativistic: *see under* Time relationships
Counterhypotheses to psi: *see* Bias in PK apparatus; Chance origin of psi data; Errors; ESP in experimenter; Fraud; Group hallucinations; Off-the-Record throws; Physical causes; Psychological aberration; Selection of analyses; Sensory cues
COX, W. S., 298
CROISET, G., 157
Cross-correspondences, 71-72
CRUMBAUGH, J. C., 294-95
Cultural factors related to psi, 230, 232, 236

DAVIES, M., 246, 260, 262-63
Deceased personality, 59-60, 62; *see also* Apparitions; Hallucinatory psi experiences; Survival
Decline in scoring, 2-3, 14, 179, 182, 211-15, 241, 303
Dematerialization, 68
DENBIGH, K. G., 52
Depersonalization, 291
Depth psychology, 50, 186, 229, 231, 234
DEVI, SHANTI, 291
Diagnosis of illness by psi, 158-59
Dice tests of PK, 1-19, 69-70, 158, 303
DICKENSON, W. N., 158-59
Die faces as targets, 69-70, 158, 303
Die orientation method, 69
DIETZ, P. A., 292
"Differential Patterns of ESP Scoring as a Function of Differential Attitudes Toward ESP," 72
Digits as targets, 300, 302
Discontinuous variables in psi tests, 240, 242, 244, 279; *see also* Continuous variables
Displacement, 182, 186, 285-86
Distance in psi, 10, 71, 223, 303
Distribution of scores, 14, 17; *see also* Position effects
"Divergence" system of scoring, 70
DOBBS, H. A. C., 51
Dog as a subject in an ESP test, 29-39
DOWNEY, B., 70-71
Dramatizing tendency of the percipient; *see under* Percipient
Dreams, as related to psi, 51, 56, 58, 299
Drugs, effect of, on psi, 185, 232, 298
Dual-target tests, 21-28
DUCASSE, C. J., 52, 68, 303
DUNNE, J. W., 41, 51
Durée réelle, la: see under Time relationships

EEG record, 127, 128-29, 157-58, 298
EGERTON, C., 128
EHRENWALD, J., 50, 51, 229
EISENBUD, J., 50
Electric shock, use of, in ESP experiment, 270, 272, 273, 275
Electroencephalogram: *see* EEG record
Electronic devices, use of, for ESP testing, 304
Emotion, effect of, on ESP, 297-98; *see also* Psychological conditions affecting psi
Engaged couples as ESP subjects, 297-98
Errors as a counterhypothesis to psi, 2, 8, 12-13, 198, 199, 212, 215, 272
ESP (Extrasensory perception); *see also* Clairvoyance; GESP; Psi; Precognition; Spontaneous psi experiences; Telepathy
in animals, 30-39
evolutionary origin of, 184
in the experimenter, as counterhypothesis to psi, 37-38
"misguided," 70
modes of response
as related to experimental testing, 177-78, 184-85

as related to spontaneous psi experiences, 176-78, 184-85
as distinguished from sensory modes of response, 175-76, 177-80, 182, 184, 235, 298-99
a perception model of, 298
as related to space and time, 175
as a species characteristic, 304
status of hypothesis of, 223-24
trends in the study of, 223-24
as related to Yogic perception, 292
"ESP and the Bird Navigation Problem," 302
ESP cards as targets, 21, 32, 33-35, 73, 168, 190, 197, 201, 216-17
"ESP Experiments with Psychotics," 73
ESP and Personality Patterns, review of, 220-22
ESP scoring
directions of, 179, 183
prediction of, by subject, 205-06
ESP symbols as targets, 238, 247-48, 250, 263
ESTABROOKS, G. H., 229, 297-98
Exorcism, 111
Expansive-compressive ratings as related to PK scores, 303
"Experiment in Parapsychical Diagnosis, An," 158-59
"Experimental Precognition," 157
Experimenter
effect of, on psi experiment, 136, 199, 203, 222, 267-68
as subject in test, 37-38, 158
"Exploration of ESP and Human Personality, The," 243
Exploratory researches as contrasted with confirmatory researches, 6-7, 8-10, 14, 21-28, 30, 32, 33, 113, 126-27, 130, 157, 198-99, 209, 211-12, 268, 269-78, 296, 297-98, 302-03, 304
"Exploratory 'Scaled' PK Placement Tests with Nine College Students, With and Without Distance," 303
"Exploratory Study of Some Personality Correlates Associated with PK Performance, An," 302-03
Exteroceptive function as compared with psi function, 176, 235; *see also* Sensory discriminations; Sensory modes of experience
Extrasensory perception: *see* ESP
Extraversion-introversion as related to psi, 296

FAHLER, J., 125-36, 303
FAIRFIELD, L., 69
Family hoax hypothesis as a counterhypothesis to PK, 107-09
Faraday cage, 127, 128, 129
FEATHER, S. R., 68-73, 157-59, 187, 223-24, 294-96
FECHNER, G. T., 41
Field theory of psychic phenomena, 61, 63, 64-65, 138, 230, 233-34
